

Streamlined Benefits: Employee Care Plans Made Easy

Building a custom benefits administration solution that works for your company need not be a hassle. Asure enables you to pick and choose the most suitable plans for your employees. Below are some of the areas we simplify:

STRESS-FREE AFFORDABLE CARE ACT COMPLIANCE

Abbreviations. Calculations. Eligibility. Penalties. It's easy to get caught up in all the stress and small details of the Affordable Care Act (ACA). But rest assured, Asure is here to get your data organized and prepared, no matter the size of your business.

99% of U.S. executives believe their compliance burden will **increase over time.**

99%

TAMING THE COBRA

With so many government rules and/or regulations, COBRA can be a confusing mess to wade through. It's no wonder only 10% of employers are COBRA compliant.

We offer solution features such as:

Web-based employer portal with real-time reporting

All 14 COBRA notifications and communications

COBRA benefit election & qualifying event (QE) processing

COBRA billing, payment processing, & premium remittance

SAVING MONEY WITH YOUR FLEXIBLE SPENDING ACCOUNT (FSA)

You save money

+

Your employees save money

=

Asure FSA Reimbursement Plan

Each dollar an employee contributes into an FSA Plan, **employers save approximately 7.65% in FICA taxes.**

The FICA tax savings often cover the entire cost of plan administration, so you can unload the burden of manual tasks.

CHOOSING THE HEALTH CARE YOU WANT

It's difficult to control profitability for the company when insurance premiums increase costs year to year. With Asure, your employees will have the freedom to choose the health care they want while you take control of health care costs with programs like the Health Savings Account (HSA) and the Health Reimbursement Arrangement (HRA).

53%

According to a recent survey, **53% of employees rated benefits packages as very important to their overall job satisfaction.**

WE'RE HERE FOR YOU

In addition to monetary savings, Asure handles the responsibilities of compliance, eliminating the burden of manual day-to-day benefit administration.
